APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the point of diversion, manner and place of use of the waters of an underground source as heretofore granted under Permit No. 12504, is issued subject to the terms and conditions imposed in said Permit No. 12504, and with the understanding that no other rights on the source will be affected by the change proposed herein. A meter must be installed in the discharge pipe line, near the point of diversion, and accurate measurements must be kept of water placed to beneficial use. It is understood that this right must allow for a reasonable lowering of the static water level. This source is located within an area designated by the State Engineer pursuant to NRS. 534.030; therefore, the State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.10 cubic feet per second, or not to exceed

16.3 M. G. annually.

Actual construction work shall begin on or before December 21, 1961

Proof of commencement of work shall be filed before January 21, 1962

Work must be prosecuted with reasonable diligence and be completed on or before December 21, 1962

Proof of completion of work shall be filed before January 21, 1963

Application of water to beneficial use shall be made on or before December 21, 1962

Proof of the application of water to beneficial use shall be filed on or before January 21, 1963

Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed JAN 1 2 1962

Completion of work filed DEC 3 1962
